G.L.SHRINIDHI

computer application student.

About Me

I am a student aspiring to become a web developer, passionate about creating dynamic and responsive websites. I have a strong foundation in web technologies, including HTML, CSS, and JavaScript, which I use to design and develop engaging user experiences. Additionally, I have knowledge of programming languages such as C++ and Dart, along with experience in Flutter for mobile app development. I am eager to continue learning and improving my skills to build innovative and efficient digital solutions.
